

## **McGill and Partners creates new legal liabilities subspecialty with industry leading appointments**

London, 3 August 2023: McGill and Partners, the independent specialist insurance and reinsurance broker, has appointed Anna Beadsmoore as a Partner in its Property and Casualty team. Along with Jessica Cook, a newly appointed Associate, their addition to the team brings a new subspecialty focusing on legal liabilities to the business.

Anna joins from AJG where, as Executive Director, she built the legal indemnity team from infancy to become a leading area within the business. Her wider experience includes M&A, Real Estate and Title insurance.

Jessica has over six years' experience working within the legal indemnities market and she is renowned for her strong market relationships and as respected operator.

Both have been at the forefront of the legal indemnity market for a number of years, enabling clients to progress on transactions that might otherwise have been deemed too financially risky, and working on innovative policy wordings to provide unique coverage.

Legal indemnity insurance provides financial coverage for legal defects in property transactions, developments and refinancing such as mitigation against the breach of restrictive covenants, rights of light infringements, protecting access and easements and ensuring good title of the property / shares. McGill's single P&L structure will allow Anna and Jessica to work seamlessly with the M&A, Construction and Energy teams to understand their client's needs and provide a full service offering.

**Chris Stevenson, Head of Complex Property and Casualty at McGill and Partners said:** *"We're thrilled that Anna and Jessica are joining the Complex Property and Casualty team at McGill and Partners. Anna's track record of building a successful business in this space will be invaluable as we continue to broaden our offering to our clients and, with Jessica's support, I look forward to what the future brings for the team as we continue to go from strength to strength."*

**ENDS**

### **Notes to editors:**
